DETAILED ACTION

This action is responsive to communication filed on 3/31/09.

Response to Amendment

The examiner has acknowledged the amendment of claims 1, 5,13, and the cancellation of claims 2, 6, 11-12.

Response to Arguments

Applicant's arguments with respect to claims 1, 3-5, 7-10, and 13 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 3-5, 7-10, and 13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1, 3-5, 7-10, and 13, the claims recite the limitation of “if a preselected number of occurrences of the predefined features has been reached, retransmitting the message on the bus system”. The examiner is unable to determine whether it is the targeted agent on the bus retransmitting the message or it is another agent on the bus retransmitting the message and determining the user to be awakened.
